12th ANNUAL DAY REPORT 2019- 2020

Honorable Guest of honour – Shri Sundharam Managing Director – Aerospace Engineers Ltd., Respected Chairman - Mr.B.Nitish Harihar, Respected Pro Chairman - Mrs. Aishwarya Nitish, Respected Vice Chairman & Secretary - Mr. G. Prabakaran, Heads of various Departments, Dignified guests, Parents, Staffs, Students, members of the press and other invitees a very good morning to you all. I feel very privileged to stand before you on this happy occasion to present the Annual Report for the year 2019 - 2020.

We at NSIT as a team, strive to educate the deserving students towards excellence with ethics. This year we have achieved our own goals in various areas like Academics, Research & Development, Co-curricular, extra – curricular, CSR activities and Placements.

NSIT - Established in the year 2008 with the motive of developing technically and socially responsible engineers, now stands as a benchmark for Academic Excellence and Industrial Placements in the region. Our college is promoted by Smt. Mahalakshmi Ammal Educational Trust, whose members are veterans in the industry and academia. **The Founder Late Thiru. “Narasu’s” R. P. Sarathy**, (the Former Chairman of Sri Vidya Mandir Association) will always be a renowned personality in the coffee market. He had excelled as an Entrepreneur, Educationist and Philanthropist, and laid the foundation stone of this institution on January 26th, 2008. Our college strives to bridge the gap between the deserving students with high dreams in technical education and their dreams by creating an opportunity with educational scholarships worth lakhs every year through the trust.

Our Vision

With Education and Ethics, we create Excellence

The college aims to impart quality education combined with ethical values, the two qualities that are in congruence with the Nation's development. The vision of the college is to produce engineers who think 'out of the box' and can act as a cohesive link between the administrative and executive machinery of the country.

With Education and Ethics, we create Excellence

Narasu's Sarathy Institute of Technology

Approved by AICTE | Accredited By NAAC | Affiliated to Anna University

Salem Bengaluru Highway NH - 7, Poosaripatty, Kadayampatty Taluk, Salem - 636305.

Admin Office: 93449-72274, Admission Cell: 93449-72275, 73977-56003,
admin@nsit.edu.in, www.nsit.edu.in

Our Mission

NSIT was started with a mission as an institution of technical education, “To impart value based education and to train technically competent & ethically strong professionals in order to meet the challenges of the rapidly changing technological environment”. We also provide ample opportunities for developing the student’s extracurricular skills, creativity, innovation, leadership, team work and help them to become outstanding individuals.

Quality Policy

We at Narasu’s Sarathy Institute of Technology will strive to inculcate sound technical knowledge by providing quality education and training in engineering and technology in a congenial and disciplined environment. We are committed to develop skills, knowledge and the right attitude among the students to meet the expectations of the industries, parents and society with continual improvement through dedicated teamwork. A good feedback mechanism is formed by means of continuous assessment program which ensures the quality of our academic system.

Academic Programmes:

At NSIT we offer six UG B.E. Civil, ECE, CSE, EEE, MECH, BTech IT & 2 PG Programs. M.E. CSE, VLSI Design

Academic Achievements:

“The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education” -Martin Luther King, Jr.

“Education is the most powerful weapon which you can use to save the world.” – Nelson Mandela

We are privileged to be the educators who can create the change makers of this world. We at NSIT believe that education is not just completing the syllabus and getting a good pass percentage.

With Education and Ethics, we create Excellence

Narasu's Sarathy Institute of Technology

admin@nsit.edu.in, www.nsit.edu.in

Rather we also strive to create engineers who are industry ready with an ethically balanced foundation. So, our students are given an education beyond classrooms in various methods like live projects, Induction Programmes, Industrial visits, Internships, Seminars, workshops, Guest lectures, Technical and Non technical student centric clubs and competitions etc.

I am proud to say that, we as a young institution we have **25+** University Ranks so far. Our students have given a good overall pass percentage of **65+ %** and also I am proud to declare that we are in the best place in state and first in the region i.e. Salem, Dharmapuri, Krishnagiri, Namakkal and Erode out off 200 Engineering Colleges.

From the inception of our institution, we are working with our founder vision and mission. In continuation with we are move towards accreditation process. The first step in this is nothing but NAAC Accrediation. We are very much happy and proud to declared that our NSIT accredited by National Assessment and Accreditation Council – NAAC in the year 2018-19 and in next academic year 2020-2021 we are moving towards NBA Accreditation.

“Great Institutions are nurtured with the cooperation of many teachers with a common vision working towards a common goal of extraordinary student achievements”

Most education professionals would agree that the job of “teacher” includes many other roles and responsibilities in addition to that of “instructor.” We are motivators, facilitators, listeners, peace-makers, organizers, managers, planners,

With Education and Ethics, we create Excellence

learners, visionaries, and so on. The list goes on, but in today's post I would like to focus on the role of "motivator" and our teachers and institution motivate our students by celebrating their achievements!

As an Institution, we are given common platform to all our students to perform well in and other allied activities. Out of which the best ones listed here.

100% Result Produced Staff List

A good teacher is like a candle – it consumes itself to light the way for others.

Good teachers know how to bring out the best in students.

The influence of teachers extends beyond the classroom, well into the future.

Teachers are our greatest public servants; they spend their lives educating our young people and shaping our nation for tomorrow.

In the step towards bringing excellence, our faculties have produced 100% Results in Anna university Results for the various **20** subjects.

Students Achievements:

The core aim of the education is to foster all round of developments of a student. All round developments essentially means intellectual, physical, moral, sensible and social developments. All round development only through Education. To fulfill the objectives there is a prime need of striking the balance between syllabus, curriculum, books and cocurricular activities beyond that.

It gives me an immense pleasure that the students of NSIT have an impact not only in the field of Academics but also in co-curricular activities and have won many prizes in many inter college events including both technical, non technical and sports.

Symposiums & National Level Conference:

NSIT curriculum encourages various departments of our college to conduct National Level Technical Symposiums every year for knowledge sharing enhancement. The Departments of ECE, CSE, EEE, IT, Mechanical, Civil and S&H of NSIT has organized their National Level Technical Symposiums - Anuttara, Shrishti, Agni, Spandana, Struttura and Vitarka respectively, were held at our college premises.

We also plan to conduct an all Departments National Level Conference in the month of March 2020

Industry Institute Interaction Cell:

NSIT works very closely with the industry to better understand the industrial needs and expectations from fresh graduates. In this regard each Department has signed MoUs with various industries for knowledge sharing and placement opportunities.

MOU Details

MOUs were signed and many activities are conducted under these MOUs for the beneficial of students.

DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

1	Sona College of Technology	19	3	AICTE-Margdarshan Scheme
---	----------------------------	----	---	--------------------------

Value added Courses

Our students are exposed to technical skills beyond their curriculum with the help of value added and certification courses. Anna University, Chennai approved the following value added courses from this academic year 19-20.

- Department of Civil - Model Generation and Static Analysis of Structure
- Department of CSE - CISCO – certified Network Associate
- Department of ECE - Advanced Graphical system design and DAS design using NI Technology
- Department of EEE - Electrical Machine Design
- Department of Mech - Surface and Solid Modeling for Industrial Application

With Education and Ethics, we create Excellence

In Plant Training / Internships:

Our students are encouraged to go for In-plant training and Internship programmes during their semester holidays for knowledge gathering and real time final year projects. They have visited various Government and Private sector industries to gain knowledge and experience.

Science Club

National Science Day is celebrated all over India with great enthusiasm on 28th of February every year in order to commemorate the invention of the Raman Effect in India by the Indian physicist, Sir Chandrasekhara Venkata Raman on the same day in the year 1928. The national science day has been started getting celebrated as the Science Carnival to recognize scientific activities and programs by the participation of students from school and college, scientists from the state and national faculties. This event celebration has provided a real platform for various new comer scientists to fix their feet and bright their career in the science profession.

Industrial Visit:

To encourage a class beyond classrooms and to enhance the student's technical knowledge, each Department has arranged and went for a minimum of 2 industrial visits per semester to core industries.

I take this opportunity to thank our Governing Board for their extended support and guidance in enriching the lives of our students.

Technical Clubs:

Each Department inaugurated their course specific technical clubs for students to develop their innovative skills and as a platform to work on their area of interest.

Research & Development:

I am happy to say that all our Department Heads are Doctorates and an additional 60% of our Teaching Faculties are pursuing their Ph.Ds. More than 30 research papers have been published in International and National Journals in this academic year alone, through the Centre for Professional development.

CSR -Social Work and Extension Activities:

Our students are actively involved in Social Organizations like National Service Scheme (NSS), Youth Red Cross (YRC) & Red Ribbon Club (RRC). Our Institute initiated N- Foundation, to promote rural based developments in our region. It exposes them to the social problems and makes them responsible citizens. These Clubs have jointly organized various Awareness camps, Social Service Programmes, Blood Donation camps, Medical camps, Rallies etc.

NPTEL - National Program on Technology Enhanced Learning

- Our institution has been associated with NPTEL, a National Programme on Technology Enhanced Learning as Local Chapter since Dec 2018.
- NPTEL is an online platform provided by seven IITs in India for the benefits of students and also faculties.
- Our Institution Local Chapter ID - 2296
- Resource Available – 15TB External Hard Disk with NPTEL video's and contents in general library.
-

NPTEL Learner Details:

In Jan – Apr 19 Session, 174 candidates has been enrolled.

Our faculties, Mrs.M.Durgapriya, Department of English has received Elite and Elite + Silver Certificates

Dr.R.Viswanathan, Department of Mechanical Engineering has received Elite + Silver Certificates in this session.

In July - Dec 19 Session, 198 candidates has been enrolled.

Our faculty, Mr.A.Nandhakumar, Department of Mathematics has received Elite Certificate in this session.

In ongoing Jan – Apr 20 Session, 80 candidates has been enrolled.

Our NSIT is having Women Empowerment cell with the name of Poovaiyar Empowerment association headed by Dr Geetha, Dept of S & H.

The cell has been established in order to protect the women staff and students associated with the college from any sorts of injustice or sexual harassment of any nature directly and indirectly.

Objectives of WDC

- ❖ To train young women to be good citizen and leaders in all walks of life.
- ❖ To develop the self-confidence of Women.
- ❖ To highlight the importance of health and hygiene.
- ❖ To create an environment for the development of women to enable them to realize their full potential.
- ❖ To organize seminars, workshops relating to women development.

Mc Master University's Outreach Programme:

MAC Outreach Programme was conducted at Narasu's Sarathy Institute of Technology, Salem for 6 days from Jan 20th 20 to Jan 25th 20. It is a Computer Science outreach programme conducted by McMaster University, Hamilton, Canada under the supervision of Dr. Christopher Anand. Dr Christopher Kumar Anand, B.Math (UWaterloo), MSc, PhD (McGill) Associate Professor, CAS, CSE, BME, McMaster University, has developed outreach activities for more than a decade, and this experience is leading to rapid program growth. The MAC Outreach team's motto is to reach school kids and teach them Math skills through a simple programming language ELM to promote kids in learning programming. McMaster's research-based, computer science outreach program has introduced computer science principles to over 15000 children ages 6-13, with the older children learning graphics programming. All of their activities are designed to reinforce mathematical knowledge, and to help children connect that knowledge to applications in software. All of the instruction is delivered by undergraduate students (student mentors), and the program is designed to improve their soft skills. Many of our student mentors go on to win leadership awards. They also teach advanced students and undergraduates Design Thinking. This design approach originated at Stanford University and has been adopted by industry leaders worldwide. They have started this concept in India for the first time and have partnered with Narasu's Sarathy Institute of Technology, Salem.

The Chief Programme Coordinators Ms. M. Durga Priya and Mr. Prakash ensured the success of the programme under Unnat Bharat Scheme. Around 100 students participated in the First round of training and after the selection process 32 students were selected as student mentors. These student mentors were further trained for a day. The next day 70 students from AM Public School, Salem were invited for the training and our student mentors trained them on basic mathematics, shapes and computer programming. The next day 60 students from Government High School, Poosaripatty visited our college and participated in the training Programme. The last day the student mentors along with Dr. Christopher Anand visited the Government Higher Secondary School, Pannapatty and taught the students the concepts of the Outreach programme using black board. On 25th Jan 20, Dr Christopher Anand presented certificates to all the student mentors and appreciated their good work. The students thanked Dr Christopher Anand for the unique experience and promised him to take this programme to other schools.

Sports:

Physical well being is as important as mental strength so we give equal importance to the sports activities. Our college team has participated in nearby 98 events including Zonal events conducted by Anna University and brought laurels to our college.

This year NSIT approved as a sports centre to conduct Anna university Zonal 7 tournament for Men and women Volley ball and Women chess tournament.

Besides, our students have participated in various outside events like Marathon, Athletics. Our students secured top spots at Salem event organized by Salem District Amateur Body Building Association.
