h) Campus placement in last year with minimum salary, maximum salary and average salary

We at R P Sarathy Institute of Technology believe that our students should be able to adapt, adopt and become adept in their technical and life skills to survive in the industry. Hence training for hiring starts at the very beginning in semester one itself. Since in companies hiring is based on performance, our placement training is also performance based. The students are trained by highly qualified corporate trainers and are evaluated every semester by Merittrac a third party assessor specializing in aptitude testing and evaluation.

Our Placement Training Syllabus consists of both Aptitude and Soft skills. Our students draw their own 'Aspirations Chart' so that they can present their Achiever Pattern in their resumes. This includes academic credentials, smart thinking, communication skills, problem solving ability and technical competencies. It also has to do with how others have recognized the candidate's personality.

The schedules of internal assessments are communicated to students and faculty in the beginning of the semester through Institute's Academic Calendar which is prepared based on the University Semester Planner. The internal exam time table is displayed on the notice board a week in advance. Exam question papers are framed to adhere to University Pattern. There are 5 Course Outcomes (COs) for each subject. The first internal test question paper is prepared to cover the first 2 ½ COs, second internal test covers the next 2 ½ COs. The subject handling faculty prepares a question bank based on Bloom's Taxonomy covering all the topics. The Department Internal Exam coordinator, under the guidance of the HOD, analyses the standard of the question bank.
